

BEF Middle School Extended Day Awards Fall 2011

BEF Middle School Extended Day Award

Project 41 of 100

School: Cedar Park Middle School

Award: \$3,500

Funding provided through the BEF Building STEAM 4 All Program

Cedar Park funding supports afterschool programming, in partnership with parents and community, to improve student achievement in learning target proficiency, especially in the areas of literacy and math.

BEF Middle School Extended Day Award

Project 42 of 100

School: Conestoga Middle School

Award: \$3,500

Funding provided through the BEF Building STEAM 4 All Program

Conestoga Grant funding will be used to offer students before school homework and mathematics support. Certified math teachers will work with students, re-teaching concepts that students did not understand and to give focused support for students in the area of math. Students will also use the time to make up tests/assignments or demonstrate a proficiency in a specific learning target for math that they were not able to demonstrate in the past.

BEF Middle School Extended Day Award

Project 43 of 100

School: Five Oaks Middle School

Award: \$5,000

Funding provided through the Larry H. Miller Charities and BEF Building STEAM 4 All Program

Five Oaks Grant funds are being used for an after-school program providing academic support and enrichment. The program offers academic supports, sport/fitness teams, community service and art for students.

BEF Middle School Extended Day Award

Project 44 of 100

School: Highland Park Middle School

Award: \$5,000

Funding provided through the BEF Building STEAM 4 All Program

The Highland Park After-School Enrichment program exists to help every student in the school by providing programs and activities in an academic setting with staff support. Students are given academic supports that help them to meet learning targets in core subjects. With clubs ranging from Academic Seminar to Drama Club to Basketball Club, engaging in the program allows students the opportunity to try new things, engage with various student populations and build relationships that typically cannot be formed during the regular school day.

BEF Middle School Extended Day Award

Project 45 of 100

School: Meadow Park Middle School

Award: \$5,000

Funding provided through the BEF Building STEAM 4 All Program

Meadow Park's after-school program will focus on additional direct instruction in mathematics for English Language Learning (ELL) students, small group tutoring/homework assistance by students' own teachers, and co-curricular, interest based activities for students.

BEF Middle School Extended Day Award

Project 46 of 100

School: Mountain View Middle School

Award: \$5,000

Funding provided through the BEF Building STEAM 4 All Program

Mountain View's Extended Day program supports both students' academic achievement as well as student engagement in school. The program provides academic support in the areas of reading and writing before school and afterschool extra-curricular activities to help students and the connections they make to the school and staff.

BEF Middle School Extended Day Award

Project 47 of 100

School: Stoller Middle School

Award: \$3,500

Funding provided through the BEF Building STEAM 4 All Program

Stoller will offer a Core Curriculum Enhancement Program. This program provides instruction in core curriculum beyond the regular school hours. Student proficiency linked to learning targets in Math, Science, Writing and Reading will be the focus. In addition students will receive one day of academic assistance each week for Spanish curriculum.

BEF Middle School Extended Day Award

Project 48 of 100

School: Whitford Middle School

Award: \$5,000

Funding provided through the BEF Building STEAM 4 All Program

Whitford will continue the before-school reading intervention class for students reading significantly below grade level. The effort will mirror the regular school day program and focus on students needing the intervention who are also Special Education and/or English Language Learners (ELL) identified

With thanks to our generous donors, including the Larry H. Miller Charities and the BEF Building STEAM 4 All Program, the Beaverton Education Foundation was able to award \$35,500, funding eight extended day programs.
