

## Chehalem Elementary

**2011-2012**

### **5th Grade College Planning: \$1,000**

Students are given the opportunity to visit college campuses, helping them make the connection between their own education and future possibilities. Grant funds will provide all 5th grade students a day of touring a local college campus. They will meet with teachers, administrators and students. They will visit lecture halls, dorm rooms, the library and gym.

### **Engineering Design - Designing Maglev Systems: \$730.50**

#### **Funding provided through Dave Gettling Technology Fund**

This project will help prepare students, in 18 classrooms at 3 schools, to succeed within the ever changing competitive global job market, by giving students early opportunities to engage in the processes utilized by scientists, engineers and mathematicians as they seek to investigate and solve real world dilemmas. The Engineering is Elementary Project utilizes highly motivating, student-engaged lessons to support engineering design processes through integrated instruction.

**2010-2011**

### **Arts for Learning (A4L): \$312.50**

Awards will be used to fund one Arts for Learning unit, with an artist in residence in one classroom in each grade 3-5 during the spring. Arts for Learning integrates standards-focused, text-based content and arts strategies to improve students' achievement in literacy, learning and life skills.
