Family Reading Club: \$1,000

Seeking to develop a multicultural literacy program, this project will support struggling readers by providing their parents with strategies and skills to assist in their child's reading comprehension development. Family Reading Club will bring students in grades three through five and their families together for a monthly literature circle discussion of a multicultural text that they have read together at home. The Club will provide families with an opportunity to become involved in the school community, participate in their child's academic growth and gain skills in helping their child develop reading comprehension skills.
