

Sexton Mountain Elementary

2006-2007

After-School Music Enrichment: \$5,000

The After-School Music Enrichment program offers programs in guitar, percussion, world music ensembles, composition and recorder. Such activities provide an excellent context in which students can develop and improve their learning habits and skills. Students develop a process for learning that they can successfully apply to new and varied learning challenges.

2005-2006

Traditional Chinese Instrument Music Ensemble: \$1,000

Grant funds will be used to purchase authentic traditional Chinese music instruments, enabling the music program to expand its multicultural curriculum to include the study and performance of Chinese music. A large number of families of East Asian heritage attend the school, and this unit of study will add an important component of appreciation, honoring the cultural diversity of the community.
