

## Stoller Middle

### 2011-2012

#### **BEF Middle School Extended Day Award: \$3,500**

Stoller will offer a Core Curriculum Enhancement Program. This program provides instruction in Core curriculum beyond the regular school hours. Student proficiency linked to learning targets in Math, Science, Writing and Reading will be the focus. In addition students will receive one day of academic assistance each week for Spanish curriculum.

#### **iPads and the IGeneration: \$998**

##### **Funding provided through BEF Building STEAM 4 All**

In Media Literacy class students are exposed to a wide array of media elements and they learn to critically analyze those messages. The primary objective of this project is to expand students' knowledge of how advertising impacts their buying choices. Students will then apply this knowledge by creating a commercial of their own. The iPads will play a pivotal role in the commercial development as they can film, take still images, research their product and create their commercial using iMovie, all with the same device.

### 2010-2011

#### **BEF Middle School Extended Day Award: \$4,000**

Stoller will offer a Core Curriculum Enhancement Program. This program provides instruction in Core curriculum beyond the regular school hours. Student proficiency linked to learning targets in Math, Science, Writing and Reading will be the focus.

### 2009-2010

#### **BEF After-the-Bell Student Success Award: \$5,090**

Funding used to support the "Outside the Day" Club Program that provides opportunities for academic support and extends the regular curriculum by offering activities that help students focus on special interests and learn new skills. Students are offered many opportunities through the club program such as; Ceramic Club, Craft Club, Guitar, Chess, sports, Film Literature, Math, Ink and Quill Club, and Homework Club.
