2010-2011

Science Inquiry Watershed Study: \$1,000

Funding provided through Building STEAM 4 All Program

Grant funding will provide students an opportunity to participate in a hands-on science inquiry watershed study in their community. Eight groups of students will study eight natural areas in the Beaverton region. Each area has a stream running through it. Students will carry out a series of water quality tests and various field assessment labs at their assigned site.

2009-2010

Social Studies and Language Arts Intervention: \$560

The 11th and 12th grade intervention classes are created with teachers and counselors teaming together to address both the academic and social needs of students who have a history of academic failure. The goal of the class is to provide a venue for students to recover lost credit needed for graduation, acquire new skills and knowledge that will help them in all academic areas.

Westview INK (Wink) Literary Magazine: \$1,000

The purpose of the magazine Westview Ink (WINK) is to showcase the literacy and artistic minds of high school students in need of their own place to shine. WINK will be published quarterly and will include all forms of writing and art. Students passionate about the project will have the chance to create a magazine with a tone that is energetic, witty and above all enlightening.
