

## William Walker Elementary

**2010-2011**

### **Together We Can: \$750**

The Together We Can project targets both Special Education and English Language Learners (ELL) with a focus on comprehension strategies from multiple research-based and successfully documented literacy-based reading programs. The use of an enriching class library with targeted mini-lessons will increase background knowledge, build vocabulary and comprehension skills and inspire a love of reading in struggling readers.

**2009-2010**

### **Art Exploration: Perception and New Ways of Thinking: \$1,000**

Two hundred and fifty students will participate in an evening of art. Students will be introduced to new ways of utilizing their brains through exploration and instruction in five artistic media; pencil, colored pencil, charcoal, ink and pastels. Students will have the opportunity to produce art in each media during the evening. Each of these skills will provide new ways of processing information and lead to the development of enhanced thinking skills.

**2002-2003**

### **New Kids' Club: \$9,734**

The New Kids' Club will help welcome the large number of students arriving at the school throughout the year. The after-school club will assist these students through assessment, remediation, friendship and buddy activities to reinforce expected behaviors, parent orientation and involvement, as well as enrichment projects to introduce the school curriculum and strategies. Students will have the opportunity to participate in Homework Club, Friendship Club, Technology Club and Science Inquiry Club.
